1414 Card Search

Weight, Height and Head Circumference at 8 mo., 3 yr., and 4 yr.

All 1414 Cards should be searched (col. A) for a specific age using the range in col. B. If more than one 1414 card is in this range use the card closest to required age in col. C. Age on the 1414 card is in col. 37-38.

Col. A.	Col. B.	Codes	Col. C	Codes
8 mo.	7-10 mo.	(007-010)	8 mo.	(008)
3 yr.	34-40 mo.	(034-040)	36 mo.	(036)
4 yr.	44-52 mo.	(044-052)	48 mo.	(048)

Weight is in col. 30-34. Cols. 30-32 = lbs.; cols. 33-34 = oz.)
Convert weight for 3 and 4 yr. given in pounds and ounces to kgs. using "weight conversion: Pounds and Ounces to Kgs."

For Conversion purposes, consider:

1. Unknown ounces (code 99) as 08
2. Unknown pounds (code 99) as unknown.

CONVERSION FORMULA (Lbs. and Oz. to grams)

$$(\text{Lbs.} \times 453.59) + (\text{Oz.} \times 28.35) = \text{Grams}$$

$$\frac{\text{grams}}{1000} = \text{Kgs}$$

Height or Body Length is in 36-38. If code 000 in 36-38 use measurement in col. 39-40 and convert inches to centimeters. (1 inch = 2.54 cm)

Head Circumference is in columns 42-43.

If card present but no code for the specified age, classify as "Reported Unknown"

If no 1414 card(s) classify as "not in Data File."
